

## ***MRS. YAZVAC'S 6TH GRADE NEWSLETTER***

**April 22 - 26, 2024**

### **Just 3 more weeks of school, 6th Grade!**

I hope everyone had a lovely weekend. It's MAP Test week!! We might just be able to have a little time in the STREAM room, I hope. *Does anyone remember what I had hoped to make with you?*

Let's look at those Sumdog diagnostic problems that caused us a little trouble when you took your diagnostic test last week.. I will project on the whiteboard and we will see if we can make them any easier! This should help you with your MAP testing. I am sure you will be practicing for your play whenever you can around testing. We will also try to practice our Graduation presentation as often as possible this week.

Here is what I see ahead for us this week. (That's me, being "psycho, I mean psychic - uh, something that starts with an S" again!)

#### **Monday: Review for Map Test**

Thank you in advance to anyone willing to share their "missed problems" from the MAP Test. This review should help everyone score better on the math test.

#### **Tuesday: Math MAP test in the morning - followed by Language Arts -**

Maybe some "cooking" in the afternoon.

**Wednesday: Reading MAP test in the morning.** Early dismissal due to power outage.

**Thursday:** This is the midterm of the last grading period. We are halfway through this grading period and closer to the last day of school everyday! (That has been true all year, it just seems more noticeable now!!)

I am taking some of you to breakfast at Winston's as a reward (and a "thank you") for completing the Sumdog WV Math Contest last week!

**Friday** - Graduation practice!

♥♥♥ *Love you like a Grandma, Mrs. Yazvac* ♥♥♥

**Upcoming Events:** *new additions to this list are highlighted.*

Monday, April 22 – MAP Testing Week begins

Monday, April 29 – Class Picture Day
