**LAST DAY OF SCHOOL!**

The yellow smiley icon was born in 1963 in Worcester, Massachusetts, when the graphic designer Harvey Ball was approached by State Mutual Life Assurance Company to create a morale booster for employees. As the story goes, it only took ten minutes for Ball to create an icon that would knit itself so firmly in the fabric of American culture that we'd be compelled to file lawsuits and contemplate it for decades to come. He was paid a whopping \$45 for his work.

**NATIONAL RESCUE DOG DAY** is proudly observed annually on **MAY 20** to bring awareness to the countless number of amazing dogs in shelters around the country who deserve a second chance at a forever home.
