

## ***Mrs. Yazvac's 6TH GRADE NEWSLETTER***

**Week of March April 12 - 16 , 2021**

6th Graders,

*There are only 7 more full weeks of school.* Your “graduation” is on the last day of the 7th week (on Emily’s birthday, I believe!!) Let’s make the most of these last 7 weeks to prepare for 7th grade! Don’t forget, we have new seat assignments for this new grading period.

Here are the things I would like to do with you this week:

**Math:** You have 30 Sumdog minutes due by Friday. See list of important dates below for our last Sumdog Contest!

We will be working in our Volume 2 math books. Guess what is right there in the beginning of the book? Order of Operations! I told you that you would have already covered some of the skills in this new book! We will also review Operations with Fractions and Mixed Numbers from Volume 1. In fact, we will be reviewing ALL math concepts covered this year! Remember, you must keep Volume 1 at home for homework assignments. *Do not destroy or lose Volume 1.*

You may have noticed several “Math Games” I posted to your classwork over the break. We will play those when we are able!

**English/Language Arts:** You’ll have Set #11 Spelling Test when we return to school on Monday. There are 16 terms! Hopefully, you have been studying using Quizlet.

We will edit more sentences for English class. You should have an assignment ready to complete on Monday.

We will read Holes and possibly finish the book this week. That means, “movie time!” Several of your parents have already signed and returned the permission form I emailed over the break. We cannot watch the movie until every student has permission to view. I already have our bags of popcorn!!

**Social Studies:** We will continue reading Chapter 26 Lesson 2 “World War II Begins.” I have some videos to share from survivors of the holocaust. Thank you, Jill, for finding some of those. We will also watch CNN10.

**Religion:** We took a detour from our textbooks to study the book of Exodus, the Passover, Jewish traditions, Lent and Holy Week. This week we will return to our book and begin reading and discussing Chapter 3, page 49 “Covenants.”

### **SCIENCE - Photosynthesis**

*\*\*\*\*\* Wear your summer uniforms if it is nice out! You may wear tennis shoes. Please be sure to bring enough water to school!!*
