

Mrs. Yazvac's 6TH GRADE NEWSLETTER

Week of March April 19 - 23 , 2021

Greetings “still 6th Graders” - but not for long!

There are only 6 more full weeks of school. We have another busy week ahead (whether we are in person or online). Even though we had a tech day on Friday 4/16, we were able to cover nearly all of what I had planned for you last week. We will have our movie on a day when everyone is at school.

Here is what I hope to cover this week:

Math: We will continue reviewing all math concepts and working on the Distributive Property and Algebraic Expressions. We will cover more of the math games I posted to your math Classwork.

This year's last Sumdog contest begins this Friday. I will give you time in class to compete. You will receive a grade for completing the contest. *There are no required Sumdog minutes for this week.* (Let's see how many times someone asks me if we have to have 30 minutes of Sumdog practice this week. When you hear someone ask, say “There it is!” and I will give you a treat! They will wonder why you are getting a treat because they didn't read the newsletter. I'm going to keep track of the people who message me asking me to post Sumdog minutes, too!)

English/Language Arts: You'll have Set #12 Spelling Test on Friday 4/23 if you are in class. Those who are absent will take the test when they return.

You will read the new TFK magazine and take a quiz at the end of the week.

Social Studies: We will read Chapter 26 Lesson 3 “On the Home Front” and keep track of current events on CNN10. I will post pictures of the pages for anyone who is at home without their book.

Religion: Chapter 5 beginning on page 86 covering “The Exodus” (We already know a lot about this from our Passover and Seder studies.)

SCIENCE - The 3 R's - Reduce, Reuse, and Recycle
