

Mrs. Yazvac's 6TH GRADE NEWSLETTER

Week of April 26 - 30 , 2021

Hi 6th Grade!

Welcome back on Monday!!!! ***Stroopies*** on Monday!! You know what that means! I will save some for anyone who is absent. 😊 We will watch Holes and enjoy our movie refreshments when everyone is back in class. Please be patient! We all need to be flexible and understanding with everything and everyone ***EVERYDAY!*** (*Especially with that old teacher of yours!*)

There are only 5 more full weeks of school! That is 25 days and that is NOT ENOUGH!! Wonder if there is anything I can do to extend this school year? Hmmmm. . . .

The Sumdog contest continues this week! Finish your 1,000 problems to earn total points. Anyone who makes it into the top 10 earns extra credit! The contest ends on Thursday. Don't wait until the last minute to compete!

Here is what I hope to cover this week:

Math: One Step Algebraic Equations, more practice Writing Algebraic Expressions, Divisibility Rules, and Math Properties. Geometry is just around the corner! Get it? Corners? Angle? Right angles? Are my jokes pointless? (Ah, there's another one! I can't help myself!) 😊

English/Language Arts: Spelling Test for Set #12 on Monday, add terms to Set #13, read new TFK Magazine to prepare for TFK Quiz, and write to CNN10

Social Studies: Chapter 26 Lesson 4 "The European Theater of World War II" and current events. You will have a group writing project for CNN 10! (I mentioned that in your ELA list!)

Religion: Chapter 6 Passover and the Eucharistic Celebration (Much of this will be a review after our Seder meal!)

SCIENCE - The 3 R's - Reduce, Reuse, and Recycle (*since you didn't get to do that last week!*) *Welcome back, Mrs. Morris!*
