

Mrs. Yazvac's 6TH GRADE NEWSLETTER

Week of December 21 - 25, 202

Merry Christmas, Sixth Graders!

You are on your holiday break!! Please get some well-deserved rest and enjoy your family.

Here are the topics we will review when we are together again online or on site:

Math: Equivalent Ratios and Rate Problems. I made another mental math/estimation activity (like the pandemic estimations we worked on recently).

English/Language Arts We will share our Christmas Traditions (You'll be writing essays) and continue reading aloud your "Favorite Relative" essays. There will be a new TFK magazine to read and, of course, a TFK Quiz.

Social Studies: a Quizziz review of Chapter 23 concepts covered.

Religion: Advent and Christmas review (because we really didn't get to have "Christmas" together. I had activities planned for you!

*** Please remember to read for AR everyday - even while you are on your break. It would be great if you also played some Sumdog! It is not required, but it sure would be nice!! It will make you so much faster with your multiplication facts.

I hope you all have a blessed and peaceful Christmas and pray we all have a healthy, happy, safe New Year!

Love you like a Grandma, Mrs. Yazvac
