

## *Mrs. Yazvac's 6TH GRADE NEWSLETTER*

*Week of January 4 - 8, 2021*

**Welcome back (online), Sixth Graders!**

*Hope you enjoyed your holiday break!! It was very nice to visit with everyone on New Year's Eve.*

Here are the topics we will review this week (AFTER WE PLAY THE CHRISTMAS AND NEW YEAR'S GAMES I HAD PLANNED FOR YOU!) Yes, Mariella, they will include some MATH and other content learning!

**Math:** Equivalent Ratios and Rate Problems. I made another mental math/estimation activity (like the pandemic estimations we worked on).

I'm hoping to get to that Cans and Strings project we talked about before the break. We will review the materials you will need.

**English/Language Arts** We will share our Christmas Traditions (You'll be writing essays) and continue reading aloud your "Favorite Relative" essays. There is a new TFK magazine to read (January 8 issue - the Year's Greatest Inventions) and, of course, a TFK Quiz. Add those highlighted words to your latest Spelling list.

**Social Studies:** a Quizziz review of Chapter 23 concepts covered. Would you like to have a rematch - Boys vs Girls - on that Tic-Tac-Toe Lesson 3 review?? You will have a short review of the 7 continents. You should be able to identify the location of each continent on a fill-in-the-blank map and spell each continent correctly.

**Religion:** Advent and Christmas review (because we really didn't get to have "Christmas" together. I had activities planned for you!

\*\*\* Please remember to read for AR everyday. You will need to complete 30 minutes of Sumdog for a grade this week. Those minutes must be completed by 9:00 pm on Friday.

We should be back together, in person, on the 19th. We'll have a belated, "mini-Christmas party" then!

*Love you like a Grandma, Mrs. Yazvac*
