

## *MRS. YAZVAC'S 6TH GRADE NEWSLETTER*

**Week of March 14 - 18, 2022**

### **Top o' the mornin' to you, Sixth Graders!**

This week begins with “two days of Mr. Sammy!” I know he will enjoy all of you because all of you will be the lovely young ladies and gentlemen I know you can be while he is with you! He may ask you to read your stream messages or the directions to your assignments to be sure you are all doing what I expect. Consider these two days like “tech days,” except you are here at school and Mr. Sammy is with you.

I have the “locker” people noted on the board for two days, instead of one. On Monday, the locker person will take Mr. Sammy upstairs to my Notre Dame classroom and show him where the 8th Graders will be waiting.

He will let me know who has been helpful when I return. Being helpful includes being great listeners anytime an adult is trying to speak to you.

**MATH:** You will have work posted on Monday and Tuesday. When I return on Wednesday, we will continue working in our textbooks on Chapter 2 Lesson 3 Percents and Decimals. I hope you are all continuing to complete those Sumdog Skills. You are part of a National Contest this week. I will be posting information about that in your Google Classroom soon.

**READING/ENGLISH/SPELLING:** You will have work posted in Google Classroom as always for Monday and Tuesday. That includes reading your new TFK magazine and Reading for AR. When I return on Wednesday, we will edit sentences and continue reading Holes! I love this book!

**Religion: Saint Patrick and the Holy Trinity with Ms. Rosie!**

*Love you like a Grandma, Mrs. Yazvac*
