

## ***Mrs. Yazvac's 6TH GRADE NEWSLETTER***

**Week of May 10-14 , 2021**

***The play, the play, the PLAY!***

(You have to be pretty old to understand that joke!)

The big day is almost here! Friday, we will be at the VA Park practicing to make Sunday's production the best it can be! Break legs, 6th graders! (Doesn't that sound awful? It's supposed to be a "theater" thing.)

***There are only 3 more weeks of school!*** I always teach right up to the very last minute of the very last day because there are still so many things I want you to know before you go to 7th grade! Here is what I hope to cover this week (in between all of your play preparations).

**Math:** I would like to share daily Mind Joggers with you to help us cover those 6th grade concepts we have not gotten to yet this year. Some of you left me notes to go over concepts from the test. We will do some of that on Monday. We will make our own spreadsheet this week. (Microsoft calls that ***Excel***, Google calls it ***Sheets***)

**English/Language Arts:** Study Spelling Set #14 - add terms as we encounter them. Read the new TFK Your \$ magazine. Some of you had questions for me about your ELA test. I will try to help you find those answers.

**Social Studies:** We will begin watching CNN10 everyday after your 10:00 class (right before lunch). One student will be chosen daily to write a shout out request and post it on the CNN10 Youtube page. I hope you found a way to do that from home this weekend. We don't want to miss our shout out if we get one!!

The word, before Monday, is Twizzler. Let me know you got that and you'll get that. We will continue reading in our textbook about World War II.

**Religion:** We will be reading about "The Feeding of the 5,000." I had hoped to get to that last week but last week was a testing and play practice extravaganza!

**SCIENCE - Plant Life Cycles.**
