

MRS. YAZVAC'S 6TH GRADE NEWSLETTER

Week of October 26 - 30, 2020

Halloooooooooooooo 6th Graders!

It was great having class together last week! I hope the future holds more on site days for us! Either way, we will continue to learn by using all of our technology tools and sticking to our class routines whether we are together or remote. I am glad you are getting into the habit of reading this newsletter before the new week begins. Last week, some of you earned another name in the drawing for doing that correctly.

Congratulations to our Student Council Officers: President Jake Quinlan, Treasurer Gail Carillo, Secretary Emily Fitch and Student Council Class Representatives Patrick Lake and Kate Urso. Use your talents and hard work to help make our school even better than it already is!

MATH: Last week we continued working with ratios and equivalent ratios (also known as proportions) in Chapter 1 Lessons 2 and 3. Always pay attention to what you are asked to compare. This week we will work more with unit rates. When you set up proportions, be sure to keep the tops and bottoms of your ratios consistent. Remember, the answer to “how many” in a unit rate problem may be a fraction!!

LANGUAGE ARTS: We will be finishing Close Reader selection “On the Titanic, Defined by What They Wore.” as well as the current Time for Kids magazine.

SOCIAL STUDIES: We will finish reading and discussing Chapter 23 Lesson 2 and taking a quiz to show what we have learned.

RELIGION: We will have a Chapter 2 review and move on to Chapter 3.

SCIENCE with Mrs. Morris - Continue HALLOWEEN ACTIVITIES!

IMPORTANT DATES TO ADD TO YOUR GOOGLE CALENDAR:

Tuesday 11/3 Election Day/Tech Day

Wednesday 11/11 Veteran's Day/Tech Day

Thursday 11/12 End of 1st Quarter (1st 9 weeks Grading Period ends)

Love you like a Grandma, Mrs. Yazvac
