

MRS. YAZVAC'S 6TH GRADE NEWSLETTER

Week of September 12 - 16, 2022

It's 4 days at school + a tech day this week!

Greetings Sixth Graders!

There is a Tech Day at the end of this week! I'm hoping we all have iPads!! If not, I will give you a pencil and paper assignment - boo!!!

Please be sure to look at the important "Upcoming Events" listed below. New items appear highlighted in yellow.

Here is the plan for this week:

MATH: We will be careful to remember all that we have learned this year (about GCF and LCM) and use that information to move forward into Chapter 1 Lesson 2 "Ratios." These will look a whole lot like fractions to you and they will follow some of the same rules. Please remember, everything we learn this year will be challenging - at first! When you are confused, take a breath and say to yourself, "Self, I don't understand . . . yet!"

On Friday, if you have ipads, you will begin the RESA VII Sumdog Contest at home as a Tech assignment.

RELIGION: We will begin Chapter 2 "Sacrifice and Promise"

MR SAMMY WILL BE TEACHING: *The God given theological virtue of Faith*

Love you like a Grandma, Mrs. Yazvac 

Upcoming Events: ***New additions to this list are highlighted***

Friday, September 16 - Tech Day - Sumdog Contest begins!!!

Monday, September 19 - Be good to the Sub. You have a Sumdog Challenge to complete.

Thursday, September 22 - Progress Reports home

Sunday, September 25 thru Saturday, October 1 - Homecoming week
