

MRS. YAZVAC'S 6TH GRADE NEWSLETTER

Week of September 5 - 9, 2022

*Can you believe it is the **THIRD** week of school already?*

Hello Sixth Graders!

I hope you all enjoy your three and a half days off! And, I hope you are all getting into the habit of reading our weekly Newsletter sometime over the weekend (before the new week begins).

You will not be going to Notre Dame at all on Tuesday, so we will do something fun in the STREAM room. It should be fun and DELICIOUS! On Tuesday, you will only go to Notre Dame for 3rd period, so we will use the extra time in the morning to catch up on the math we didn't do while we were cooking.

On Thursday, every week beginning this week, Ms. Rosie will be working with you to help you become better "test takers." That will be time well spent.

On Friday, we have our Grandparents' Day mass. I am looking forward to that because we all know **GRANDPARENTS ROCK!!**

Please be sure to look at the important "Upcoming Events" listed below. New items appear highlighted in yellow.

Here is the plan for this week:

MATH: We will continue working in Chapter 1 Lesson 1 on Factors and Multiples and be ready for a quiz on Friday. Ms. Rosie will be presenting mini Math Test Practice lessons beginning this Thursday morning for 15 - 20 minutes a session. This will be something we will do every Thursday. I know this will be a

big help for future tests. (I feel like I said something about this earlier in this letter!)

RELIGION: We will continue in Chapter 1 and learn about Abraham and Sarah. As we read, we will add new vocabulary words to the list posted on our board.

MR SAMMY WILL BE TEACHING: Responding to God's Love and receiving The Holy Spirit in Baptism

******I'm hoping we receive our ipads soon!!***

Love you like a Grandma, Mrs. Yazvac 

Upcoming Events: ***New additions to this list are highlighted***

Monday, September 5 - No School Labor Day

Friday, September 9 - Grandparents' Day Mass 8:00 a.m.

Friday, September 16 - Tech Day - Sumdog Contest begins!!!
