## See Your Child's Schoolwork

This year, we are trying to limit the amount of paper that we send home with your child. If I take a grade on something, I will send that home for you to see.

For other work, we will post it online.

Click on the Google "waffle".

Click on Google Drive.

Select "Shared with me"

Click on folder labeled with your child's name and you will find various schoolwork that we have saved there for you to see.
